

SP40

Get water under pressure in all circumstances

The SP40 is a 40 liters water tank equipped with a battery.

Lightweight and molded in one piece, it is very resistant.

Ergonomically designed and easily transportable, it is suitable for construction sites conditions :

- it is equipped with wide and unflatable wheels and so very easy to handle
- its protected controls are totally waterproof
- its Lithium-Ion 4,4 AH battery provides a great autonomy.

It can supply many tools as cutters, core drills and can be used as a sprayer to clean formworks for example.

Strong points of the SP40

- **Lightweight**
- **Resistant**
*molded in one piece
brass water fittings*
- **Convenient**
hooks for hoses
- **Suitable for construction sites conditions**

12V converter to recharge battery in vehicles

Technical data :

- **Capacity : 40 liters**
- **Dimensions : 105 x 41 x 38 cm**
- **Weight : 11 kg (empty and with battery)**
- **Battery : 18V - 4,4 Ah**
- **Battery autonomy : +/- 5 hours**
- **Charging time : +/- 2.5hours**
- **Water pressure : 4,8 Bar**
- **Adjustable flow : 2 positions**
- **Maximum flow : 5L/mn**
